DENTISTRY, OR DENTAL SURGERY.—
Dr. Van Patten continues at his pleasant and central location (a few doors west from Brown's and Coleman's hotels.) He pledges himself to perform any and every operation appertaining to his profession, as successfully, and with as little pain, as can be done in any of the eastern cities.

He inserts teeth of any desired shade or size, with or without guns, singly or in full sets, as causes may require; and usually secures them to the gums by that most cleanly and comfortable principle of atmospheric pressure. Yet, being fully competent to apply every known principle, his patients shall always have the benefit of the mode best adapted to the condition of their mouths.

Hiving been long established in Washington, he deems it unnecessary to expose patients' names for reference, but would suggest to strangers that they inquire of citizens.

N.B. No charge for work that should come short of what was promised in the contract, nor ever any charge for repairing, or even renewing, his work.

GREATEST WONDER OF THE AGE.

PATENT GALVANIC RING, AND MAGNETIC FLUID.—These wonderful Rings, and the Galvanic Fluid, have created a great sensation throughout Europe, and are attracting crowds to see them, both in New York and Boston. They care with astonishing rapidity rheumatism, gout, tic-doloreux, fits, cramp, sick headache, indigestion, paralysis, suff joints, general debility, deficiency of nervous energy, and all nervous disorders. They produce all the beneficial results of the ordinary galvanic battery, or electric and magnetic machines, without the injurious shocks which always accompany their application. The secret of preparing the Ring was discovered by Professor Harmance Christic, of London, in October last, and they have been recently introduced into this country by Dr. A. Christic, who warns the American public, from the beginning, to beware of spurious ministions. To guard against fraud, he will appoint but one agency in each of the cities of the United States.

Oct 13-eodtd DR. SWAYNE'S COMPOUND SIRUE OF WILD CHERRY,

OF WILD CHERRY.

The great remedy for consumption, colds, coughs, spitting of blood, bronchitis, difficulty of breathing, asthma, pain in the side and breast, whooping-cough, croup, and all diseases of the liver and lungs, broken constitution, &c.

THE above is the original and only genuine preparation from this valuable tree, and has won its way to public favor by its unparalleled success in curing all diseases of the lungs, notwithstanding the many articles prepared by persons who have no knowledge of the science of medicine, in theory or practice; and some, more readily to deceive the unsuspecting, use a part of the name of the original preparation, such as "balsam of wild cherry." "Phænix balsam of wild cherry." "Phænix balsam of wild cherry, after Dr. Swayne's compound sirup of wild cherry had won a reputation in the healing art never to be forgotten by many a once cheerless fireside. Therefore the public should be on their guard, and purchase none but the original preparation, which is daily performing such astonishing cures in pulmonary complaints, after all remedies had failed, and the patients given up as hopeless. Thousands of certificates might be published, which would astonish credulity itself, but it is deemed unnecessary. Below we publish a few of the names of persons who have been cured by this wonderfal remedy:

Robert Glenn, steward of the almshouse near Frankford, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, in curing Valentine Chapman, one of the most aggravated cases of diseased lungs which has ever been placed upon record, after every other remedy had failed, and his physician had given him up as incurable.

Mrs. Brown, corner or Second street and Germantown road, Philadelphia, effectually cured of diseased lungs and the symptoms of incipient consumption, by using four bottles of Dr. Swayne's compound sirup of wild cherry.

R. Jackson, D. D., formerly pastor of the first Presbyterian chusch, New York, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, and recommends it to the heads of families, having witnessed is wonderful effect in more than one hundred cases, in relieving children of every obstinate complaint, such as coughing, wheezing, chairing of phlegm, ashmatic attacks, &c.

Abraham Skinner, Crawford county, Pennsylvania, cured of consumption and bleeding of the lungs, after being given up by several eminent physicians, and having used most of the patent medicines.
